## Smart Shower

### Remote control

Mobile app via Bluetooth® that enables users to programme the shower or remotely fill the bath at the desired temperature.

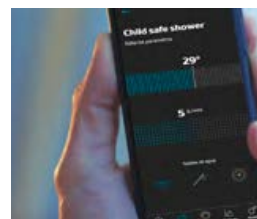

### Intuitive use

Simple user interface that makes its operation very easy to understand.

### Child protection

Blocking system that prevents the water temperature or flow from changing to protect the little ones.

### Customized

User memory with different available profiles to enable each user to customize the shower and enjoy a custom-made experience.

### Safety

Thermostatic technology that keeps the temperature and flow steady and constantly monitors the water temperature to avoid possible burns.

### Saving of water and energy

Pause mode that keeps the temperature stable for a predetermined time to let users lather up without wasting water and energy.

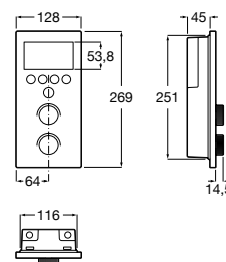

### Easy disinfection

Cleaning programme that expels water jets at the maximum temperature to remove germs and bacteria from all pipes.

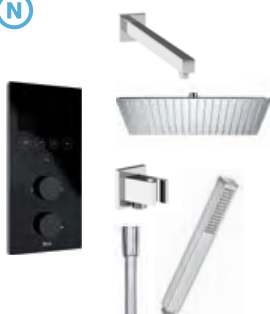

## Smart Shower

Installation system included

# Roca faucets

## Evershine

Electrolytic coating that ensures a permanent shine over time and makes cleaning easier.

## Low noise level

Sound reduction technology integrated in the cartridges and faucets to limit the noise of water.

## Quality and Durability

Ceramic cartridge tested to withstand over one million opening and closing cycles.

## Safe Touch®

The Safe Touch® technology prevents the faucet body from overheating to avoid burns when touching the material.

## Security 38®

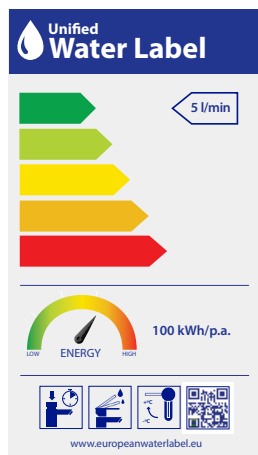

Thermostatic faucets with safety device that prevents the temperature from exceeding 38°.

## Quick Reaction®

The Quick Reaction® technology integrated in thermostatic faucets allows users to obtain the desired water temperature in no time.

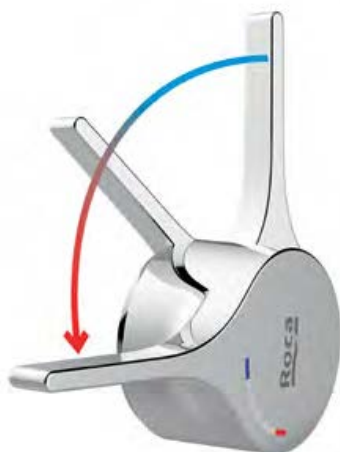

## Water savings

Flow control technology complying with the most demanding standards for saving water and energy, certified by the European Water Label.

## Technology

### Cold Start

#### Energy savings

Front cold water opening that forces users to turn the handle to the left to gradually obtain hot water.

#### Aesthetics

Restricted opening to the right, allowing the handle to be perfectly aligned with the spout, improving the aesthetic qualities.

## Material

### Everlux

#### Sophisticated finish

Exclusive and trendy coating that adds distinction and singularity to the bathroom space.

#### Sustainable

Purely physical technique that does not use harmful chemical elements in its production process.

#### Resistance

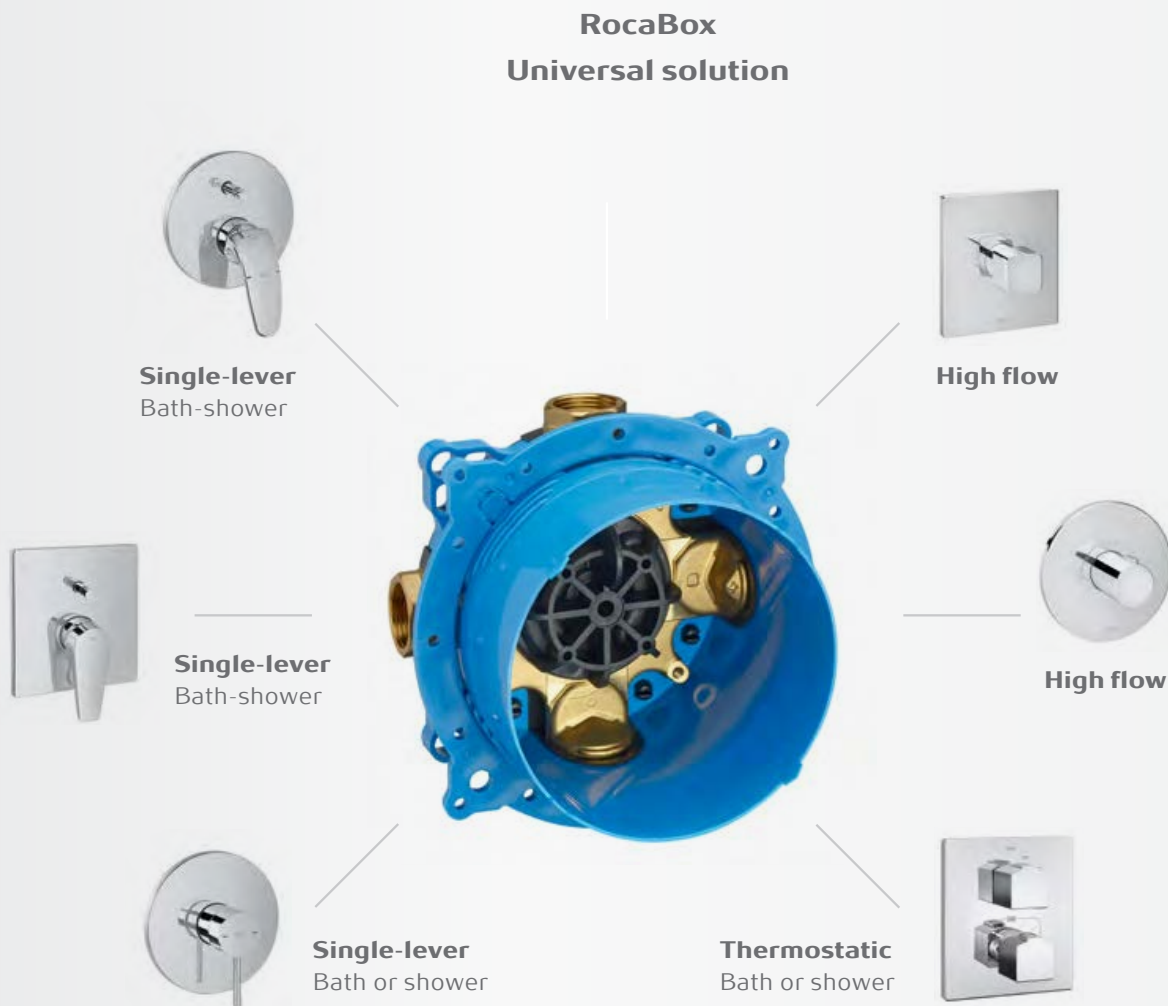

Ultrafine coat made of extremely hard metals that results in a surface that is extraordinarily resistant to scratches and cleaning products.

# RocaBox

## Built-in faucets

Roca presents RocaBox, the universal solution for all built-in installations. A solution that is easy to install, practical, compact and versatile, for any type of wall. At only 70 mm, it is the minimum installation depth for any universal box. Valid for thermostatic or single lever, shower or bath-shower faucets. RocaBox is the ideal solution for a built-in shower or bath-shower faucets.

# RocaBox

## System elements

### Sound insulated elastomer:

it absorbs all kind of noises and vibrations from pipes to guarantee a minimum sound level during the operation of **RocaBox**.

### Universal box:

Manufactured in one single polypropylene piece, a stable and inert material. It includes different positioning steps to place the fastening ring when installing it on light walls. The box has "cogs" that enable to mark the diameter of the **RocaBox** on the plasterboard.

**Fastening ring:** also manufactured in polypropylene, it is needed when installing the **RocaBox** on plasterboard. It is fixed in the universal box allowing a minimum depth of 70 mm and maximum depth of 95 mm.

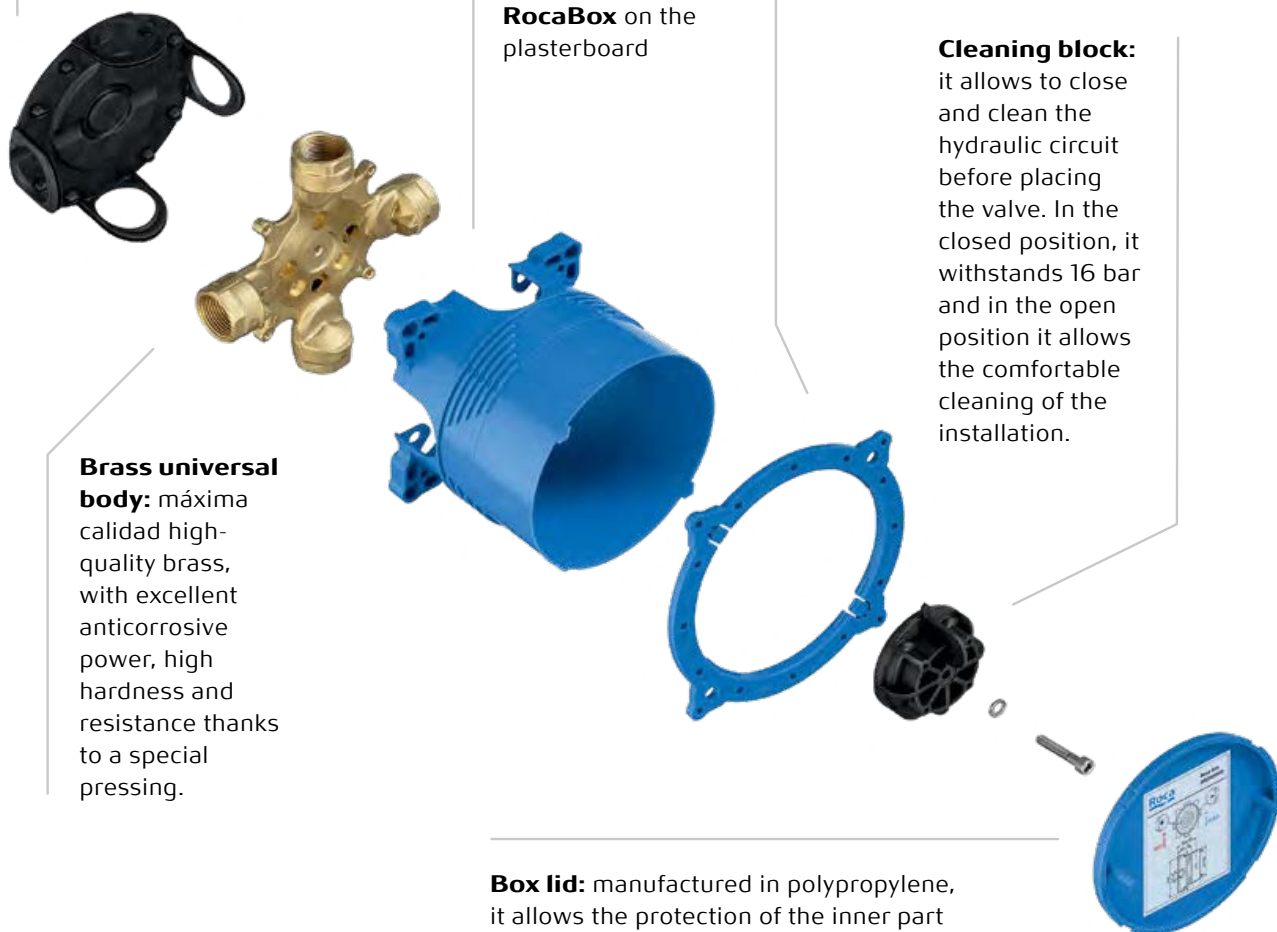

### Cleaning block:

it allows to close and clean the hydraulic circuit before placing the valve. In the closed position, it withstands 16 bar and in the open position it allows the comfortable cleaning of the installation.

### Brass universal body:

máxima calidad high-quality brass, with excellent anticorrosive power, high hardness and resistance thanks to a special pressing.

**Box lid:** manufactured in polypropylene, it allows the protection of the inner part of **RocaBox** before installing the valve. Both protrusions on the lid help to level **RocaBox** correctly.

Single-lever mixer for bath and shower Pals, Plenum Round hand-shower.

# Thermostatic

## Instant temperature

The integrated Quick Reaction technology allows water to flow at the desired temperature in no time, always keeping it steady.

## Anti-scald

Roca's ceramic cartridge blocks the hot water flow if the cold water supply is discontinued, avoiding the risk of scalding.

## Safety at 38°

Safety device that prevents the temperature from exceeding 38°, providing safety and avoiding possible burns.

## Accuracy

Temperature control that allows users to quickly and precisely select the degrees with a simple gesture.

## Scald protection

The Safe Touch technology prevents the body of the faucet from overheating, avoiding burns.

## Saving of water and energy

Instant desired temperature, without having to spend time adjusting it and without wasting water and energy.
