3 THICKNESSES ONE AMAZING PROJECT

Metaline è l'innovativo progetto ispirato alle superfici metalliche. Il programma Metaline è realizzato con tre avanzate tecnologie produttive: **dalle rivoluzionarie lastre Mega che raggiungono l'incredibile formato 160x320 cm, fino alle superfici studiate per l'outdoor in spessore 20 mm.**

Metaline ist das innovative Projekt, das sich an Metallflächen inspiriert. Das Metaline-Programm wird mit drei fortschrittlichen Produktionstechnologien hergestellt: **Von den revolutionären Platten Mega, die das unglaubliche Format 160x320 cm erreichen, bis zu den für Außenbereiche entwickelten Oberflächen in 20 mm Stärke.**

Metaline est l'innovant projet inspiré des surfaces métalliques. Le programme Metaline est réalisé grâce à trois technologies de production ultra performantes : **des révolutionnaires dalles Mega qui atteignent l'incroyable format de 160x320 cm jusqu'aux surfaces conçues pour les extérieurs dans une épaisseur de 20 mm.**

Metaline is the innovative project inspired by metal surfaces. The Metaline programme is manufactured using three state-of-the-art production technologies: **from the revolutionary Mega slabs in sizes up to the incredible 160x320 cm, through to the surfaces designed for outdoor use, with thickness of 20 mm.**

Metaline es el proyecto innovador inspirado en las superficies metálicas. El programa Metaline está realizado con tres tecnologías de producción avanzadas: **desde las revolucionarias placas Mega que alcanzan el extraordinario formato de 160x320 cm, hasta las superficies diseñadas para exteriores con un grosor de 20 mm.**

Metaline – инновационный проект, идея которого была навеяна металлическими поверхностями, выполнен с использованием трёх передовых продуктивных технологий : **от огромных плит Mega, которые достигают невероятного формата 160x320 см, до поверхностей, используемых снаружи помещения, толщиной 20 мм.**

Il nuovo energico gres porcellanato Italgraniti esprime cinque effetti vibranti, accoglie tutta l'essenza della materia autentica e restituisce un rivestimento originale, che **sa interpretare al meglio l'architettura contemporanea.**

The new Italgraniti high-energy porcelain stoneware offers five vibrant effects, conveys all the essence of the genuine material and creates an original covering, **the ideal expressive medium for contemporary architecture.**

Das neue energische Feinsteinzeug von Italgraniti zeigt fünf vibrierende Effekte, schließt das Wesen der authentischen Materie vollkommen in sich ein und offenbart eine originelle Verkleidung, **die kontemporäre Architektur bestens interpretiert.**

El nuevo y energético gres porcelánico Italgraniti expresa cinco efectos vibrantes, reúne toda la esencia de la materia auténtica y ofrece un revestimiento original capaz de **interpretar la arquitectura contemporánea de forma inmejorable.**

Le nouveau et énergique grès cérame Italgraniti exprime cinq effets vibrants, incarne toute l'essence de la matière authentique et propose ainsi un revêtement qui **sait interpréter au mieux l'architecture contemporaine.**

Новый «энергичный» керамогранит Italgraniti передаёт пять волнующих эффектов, вмещая в себя всю суть подлинной материи, являясь, таким образом, оригинальным покрытием для использования в современной архитектуре.

Le superfici Metaline/Mega raggiungono gli eccezionali formati 160x320, 120x280cm, tutti in spessore sottile 6 mm. **I maestosi moduli con effetti metallici accrescono il valore estetico dello spazio "liberandolo" dal reticolo di posa.**

Metaline/Mega surfaces are available in the amazing 160x320, 120x280cm sizes, all in the slimline thickness of 6 mm. **These vast modules with metallic effects enhance the beauty of interior design schemes by removing the restrictive grid of installation joints.**

Die Oberflächen Metaline/Mega erreichen die außergewöhnlichen Formate 160x320, 120x280cm, alle in der dünnen 6mm-Stärke. **Die mächtigen Module mit Metalleffekten erhöhen den ästhetischen Wert der Räume und „befreien“ sie vom Verlegungsnetz.**

Les surfaces Metaline/Mega atteignent les exceptionnels formats de 160x320, 120x280cm, tous proposés dans la faible épaisseur de 6 mm. **Les majestueux modules à effets métalliques accroissent la valeur esthétique de l'espace en le « libérant » de la trame de pose.**

Las superficies Metaline/Mega alcanzan formatos excepcionales de 160x320, 120x280cm, todos ellos con un grosor fino de 6 mm. **Los majestuosos módulos con efectos metálicos aumentan el valor estético del espacio "liberándolo" de la retícula de colocación.**

Поверхности Metaline/Mega достигают невероятных форматов 160x320, 120x280cm, толщиной 6 мм. Величавые плиты с металлическим эффектом придают эстетическую ценность, освобождая помещения от стандартных схем укладки.

INTELLIGENT MATTER

Metaline/Mega è un programma di superfici trasversali e intelligenti che amplia le possibilità espressive dell'architettura contemporanea trasferendo la sua rivoluzionaria bellezza. Italgraniti non pone limiti d'uso: **dalle grandi facciate esterne alla posa di pavimenti e pareti interne fino alla sovrapposizione su materiali preesistenti.**

Metaline/Mega is a programme of versatile, intelligent surfaces that extends the expressive potential of contemporary architecture with a new, revolutionary form of beauty. Italgraniti sets no limits to the material's use: **from large outdoor facades to indoor floors and walls, and even overlaying on existing materials.**

Metaline/Mega ist ein Programm aus übergreifenden und intelligenten Oberflächen, das die Ausdrucksmöglichkeiten der kontemporären Architektur erweitert und seine revolutionäre Schönheit überträgt. Italgraniti setzt seinem Einsatz keine Grenzen: **Von den großen Außenfassaden bis zur Verlegung auf Böden und an Wänden, genauso wie auf vorhandenen Materialien.**

Metaline/Mega est un programme de surfaces éclectiques et intelligentes qui décuple les possibilités expressives de l'architecture contemporaine en lui apportant sa révolutionnaire beauté. Italgraniti ne pose aucune limite à l'utilisation de ces matériaux : **des grandes façades extérieures aux sols et murs intérieurs jusqu'à la pose sur des matériaux existants.**

Metaline/Mega es un programa de superficies transversales e inteligentes que amplía la capacidad expresiva de la arquitectura contemporánea transmitiendo su revolucionaria belleza. Italgraniti no pone límites de uso: **desde las grandes fachadas exteriores hasta la colocación en suelos y paredes incluso sobre antiguos materiales.**

Metaline/Mega – программа поперечных и умных поверхностей, которые расширяют экспрессивные возможности современной архитектуры, передавая её революционную красоту. Italgraniti не устанавливает ограничений в использовании: от огромных внешних фасадов и укладки на внутренние полы и стены, до укладки на присутствующие ранее материалы.

Mega è la lastra perfettamente planare che consegna a progettisti e trasformatori uno strumento che non pone limiti alla libertà espressiva concedendo il lusso di un progetto coordinato e impeccabile.

Mega is the perfectly flat slab which gives interior designers and renovators a means to limitless freedom of expression, with the luxury of impeccable, coordinated design schemes.

OUR NAME STANDS FOR TECHNICAL AND AESTHETIC EXCELLENCE.

Portiamo con orgoglio in tutto il mondo materiali che esprimono al meglio la cultura estetica, l'eccellenza stilistica e tecnica del Made in Italy.

Sul mercato internazionale, il nostro nome è sinonimo di grès porcellanato dalle altissime prestazioni tecniche ed estetiche e attraverso la trasformazione di materie prime di assoluta qualità otteniamo progetti ceramici capaci d'interpretare le molteplici esigenze di un mondo in costante evoluzione.

Around the world, we proudly promote materials that best express that Made in Italy aesthetic, style and technical excellence.

On the international market, our name is synonymous with porcelain stoneware that offers extremely high technical and aesthetic performance. We transform top quality raw materials into ceramic projects able to interpret the many requirements of a continuously evolving world.

Il prestigioso marchio d'origine Ceramics of Italy contrassegna solamente i prodotti realizzati in Italia, che rappresentano i valori appartenenti all'industria ceramica da decenni.

ITALGRANITI GROUP sostiene il codice etico di Confindustra Ceramica che, dalla **produzione 100% Made in Italy alla responsabilità sociale e ambientale, promuove una politica industriale seria e trasparente.**

Ceramics of Italy is the certified brand of origin which exclusively marks all products fully manufactured in Italy representing the decades old values system of the Italian Ceramic Industry.

We support all those values promoted by the Confindustra Ceramica code of ethics, from **100% Italian production to social and environmental responsibility.**

QUALITY SYSTEM MANAGEMENT

La **certificazione UNI ISO 9001 2015** è riconosciuta a livello internazionale e rappresenta una garanzia di eccellenza e qualità del proprio sistema di gestione. ITALGRANITI GROUP ha deciso di intraprendere spontaneamente questo importante percorso adottando un insieme di regole, responsabilità e controlli per **migliorare l'efficienza dei processi e la soddisfazione del cliente, accrescere la propria competitività e mantenere la conformità ai più alti standard qualitativi.**

UNI ISO 9001 2015 certification is internationally recognised and represents a guarantee of the excellence and quality of the management system. ITALGRANITI GROUP decided of its own accord to undertake this important process, adopting a set of rules, responsibilities and checks to **improve the efficiency of processes and customer satisfaction, to boost its competitiveness and maintain compliance with the highest quality standards.**

SAFETY SYSTEM MANAGEMENT

La salute e il benessere dei lavoratori sono interessi primari per ITALGRANITI GROUP. L'ottenimento della **certificazione UNI ISO 45001** rafforza una cultura d'impresa che vede la sicurezza non solo come a un adempimento normativo, ma come parte essenziale dei processi lavorativi. La normativa è **uno strumento necessario per generare un nuovo modello di competitività sostenibile** che possa migliorare la crescita di tutte le performance aziendali.

The health and wellbeing of employees are crucial priorities for ITALGRANITI GROUP. The attainment of **UNI ISO 45001 certification** strengthens a business culture that sees safety not simply as a question of regulatory compliance, but as an essential part of working processes. Regulation is **a necessary tool for generating a new model of sustainable competitiveness** that can improve company performance across the board.

ECO-SUSTAINABLE DEVELOPMENT.

ENVIRONMENTAL MANAGEMENT

Italgraniti Group opera in conformità alle normative ambientali previste dalla certificazione ISO 14001 e del regolamento EMAS, ottenuta da oltre 10 anni. La certificazione europea EMAS (Eco-Management and Audit Scheme) misura e controlla il ridotto impatto sull'ambiente dei siti produttivi, attraverso un sistema di gestione ambientale basato su rigorosi parametri.

Italgraniti Group conforms with the environmental regulations envisaged by the ISO 14001 certification and by the EMAS certification, obtained more than 10 years ago. The European EMAS (Eco-Management and Audit Scheme) certification measures and controls the reduced environmental impact of production sites, through an environmental management system based on strict parameters.

ITALGRANITI GROUP CONTRIBUISCE ALL'EFFICIENZA ENERGETICA ATTRAVERSO:

- 100% di riciclaggio delle acque utilizzate
- 100% riciclo degli scarti crudi e cotti
- 100% riciclo del packaging e dei pallet
- 90% di riciclo dei rifiuti.

ITALGRANITI GROUP CONTRIBUTES TOWARDS ENERGY EFFICIENCY THROUGH:

- 100% recycling of waters used
- 100% recycling of unfired and fired waste
- 100% recycling of packaging and pallets
- 90% recycling of waste.

LEED™ è un sistema di certificazione volontario, per la progettazione, costruzione e gestione di edifici sostenibili ad alte prestazioni; promuove un sistema di progettazione integrata che riguarda l'intero edificio. È sviluppato dall'U.S. GREEN BUILDING COUNCIL (USGBC) associazione che fornisce un approccio globale alla sostenibilità dando un riconoscimento alle performance virtuose in aree chiave della salute umana ed ambientale. Il sistema si basa sull'attribuzione di crediti per ciascuno dei requisiti caratterizzanti la sostenibilità dell'edificio. Dalla somma dei crediti deriva il livello di certificazione ottenuto.

LEED™ is a voluntary certification system, for the design, construction and management of high performance sustainable buildings; it promotes an integrated design system that concerns the whole building. It is developed by the U.S. GREEN BUILDING COUNCIL (USGBC), an association which provides a global approach to sustainability, providing recognition for virtuous performance levels in key areas of human and environmental health. The system is based on rating credits for each of the requisites featuring the sustainability of the building. The sum of the credits composes the certification level achieved.

ECO-SUSTAINABLE DEVELOPMENT.

Italgraniti Group è membro del Green Building Council Italia, organizzazione che promuove la cultura e la pratica dell'edilizia sostenibile in un contesto che rispetti le esigenze dell'uomo, della collettività e dell'ambiente.

Italgraniti Group is a member of the Green Building Council Italia, an organisation that promotes the culture and practice of sustainable construction in a context that respects the needs of mankind, the collective whole and the environment.

Tutti i prodotti Italgraniti Group contengono un'elevata percentuale di materie prime riciclate. Questa importante caratteristica contribuisce all'ottenimento di crediti LEED® e WELL™.

All Italgraniti Group products contain a large percentage of recycled raw materials. This significant characteristic contributes towards obtaining LEED® and WELL™ credits.

EPD (Environmental Product Declaration), è una certificazione volontaria che mette in evidenza le prestazioni ambientali di prodotto/processo/servizio per migliorarne la sostenibilità. Attraverso la dichiarazione EPD, Italgraniti Group comunica a partner, operatori e consumatori, l'efficacia delle politiche di sostenibilità intraprese e i dati sull'intero ciclo di vita dei propri materiali. I prodotti certificati EPD sono richiesti dai principali sistemi di certificazione internazionali (LEED®, WELL™, BREEAM®, HQE®, DGNB®, ESTIDAMA etc.) e sono premianti nel quadro normativo nazionale relativo agli appalti pubblici.

EPD (Environmental Product Declaration) is a voluntary certification which highlights the environmental performance levels of a product/process/service to improve its sustainability. Through its EPD declaration, Italgraniti Group notifies its partners, operators and consumers of the efficiency of the sustainability policies undertaken and the data concerning the entire life cycle of its materials. EPD certified products are required by the main international certification systems (LEED®, WELL™, BREEAM®, HQE®, DGNB®, ESTIDAMA etc.) and they are rewarding as part of national regulations for public tenders.

Italgraniti Group ha adottato lo standard collaborativo HPD Dichiarazioni di Salubrità di Prodotto (Health Product Declarations), per comunicare in modo trasparente il contenuto dei propri materiali e il relativo impatto sulla salute. Grazie all'HPD, i nostri prodotti contribuiscono all'ottenimento di crediti LEED® e WELL™.

Italgraniti Group has adopted the HPD (Health Product Declarations) collaborative standard to communicate the contents of its materials and the related impact on health in a transparent manner. Thanks to HPD, our products contribute towards obtaining LEED® and WELL™ credits.

BREEAM®

BREEAM® (Building Research Establishment Environmental Assessment Method), sviluppato nel 1990 dal BRE Global, è uno dei principali sistemi al mondo utilizzato per misurare le prestazioni ambientali e di sostenibilità degli edifici nuovi ed esistenti. La valutazione BREEAM® utilizza una gamma di indicatori e criteri di sostenibilità per valutare le prestazioni dell'edificio coprendo diverse tematiche ambientali: energia e risorse idriche, salute e benessere, inquinamento, trasporti, materiali, rifiuti, ecologia e processi di gestione.

Tutte le collezioni Italgraniti contribuiscono al raggiungimento dei crediti BREEAM®.

BREEAM® (Building Research Establishment Environmental Assessment Method), which was developed in 1990 by BRE Global, is one of the main systems in the world used to measure the environmental and sustainability performance of new and existing buildings.

The BREEAM® assessment uses a range of indicators and sustainability criteria to assess the performance levels of a building, covering several environmental topics: energy and water resources, health and wellbeing, pollution, transport, materials, waste, environmental awareness and management processes.

All Italgraniti collections contribute towards obtaining BREEAM® credits.

WELL™

WELL™ Building Standard (WELL™) è il primo sistema di rating per l'edilizia sostenibile che consente di misurare, certificare e monitorare le caratteristiche dell'edificio che hanno un impatto sulla salute e sul benessere degli occupanti. Il WELL™ fornisce un percorso per integrare e misurare i temi della salute umana e del benessere nella progettazione, costruzione e gestione di edifici. Per ottenere la certificazione WELL™ Building Standard™, l'edificio deve essere sottoposto a un processo che comprende una valutazione in loco e una verifica delle prestazioni da parte di un certificatore abilitato.

Tutte le collezioni Italgraniti contribuiscono al raggiungimento dei crediti WELL™.

WELL™ Building Standard (WELL™) is the number one rating system for sustainable construction designed to measure, certify and monitor the features of the building, which have an impact on the health and wellbeing of its occupants. WELL™ provides a path to integrate and measure topics of human health and wellbeing in the design, construction and management of buildings. To obtain the WELL™ Building Standard™ certification, the building must undergo a process which includes an on-site assessment and an inspection of performance levels by a qualified certifier.

All Italgraniti collections contribute towards obtaining WELL™ credits.

CAM ISO 14021

Nell'aprile 2016 il Ministero dell'Ambiente italiano ha introdotto una serie di criteri ambientali per l'edilizia, chiamati CAM Edilizia - Criteri Ambientali Minimi per l'Edilizia -, volti a facilitare l'inserimento di requisiti di eco-sostenibilità nelle gare d'appalto per interventi pubblici. L'obiettivo è quello di stimolare acquisti che minimizzino l'uso di risorse naturali e il consumo di energia, che contribuiscano inoltre alla diffusione di fonti rinnovabili, riducano la produzione di rifiuti, le emissioni inquinanti nell'aria, nell'acqua e nel suolo ed che eliminino le sostanze ambientalmente pericolose.

Grazie ad un sistema di gestione ambientale sostenibile, alla certificazione EPD e in accordo con lo standard internazionale ISO 14021, Italgraniti contribuisce ad un'edilizia di qualità e prestazioni al di sopra della media di settore.

In April 2016 the Italian Environment Ministry introduced a series of environmental criteria for construction, called CAM Edilizia - Minimum Environmental Criteria for Construction -, aimed at facilitating the insertion of eco-sustainability requirements in calls for tender of public works. The aim is to stimulate purchases that minimise the use of natural resources and energy consumption levels, which also contribute towards the spread of renewable sources, reducing waste production, polluting emissions into the air, water and soil, and which eradicate environmentally hazardous substances.

Thanks to a sustainable environmental management system, to the EPD certification and in accordance with international standard ISO 14021, Italgraniti contributes towards quality construction with performance levels above the industry average.

Ongreening.com fornisce informazioni dettagliate sulla conformità e il contributo dei prodotti Italgraniti Group ai principali sistemi di certificazione della sostenibilità degli edifici (LEED®, BREEAM®, WELL™ ed altri).

Ongreening.com provides detailed information about the conformity and contribution of Italgraniti Group products to the main building sustainability certification systems (LEED®, BREEAM®, WELL™ and others).
